Tax Identification Number

Please note that it is mandatory to supply a TIN or functional equivalent if the country in which you are tax resident issues such identifiers. If no TIN is available or has not yet been issued, please provide an explanation for this in the relevant box.

- The TIN is a combination of letters and/or numbers assigned to the entity by their country of residence (or its tax authorities) to identify the tax payer in the course of collecting taxes
- In some countries this may be a number that is specifically referred to as a TIN while other countries may use other numbers, e.g. Unique Taxpayer Reference
